Customer Reviews

Originally from New York City, Jenna Gottlieb fell in love with Iceland in 2006 on a spur of the moment getaway. During that trip, there were many firsts: her first time riding a horse, walking behind a waterfall, and being served dishes like singed sheep's head and sour ram testicles. She survived and continued to return, permanently relocating to Iceland in 2012.While researching and writing this book, Jenna discovered new favorites and revisited old haunts. Her favorite experiences in Iceland include puffin watching, hiking in the north, and spending as much time in the West Fjords as possible.A freelance writer specializing in travel, business, and lifestyle, Jenna has contributed to the Associated Press, CNN Travel, the Independent, New York Post, and the Reykjavik Grapevine, among others. You can see some of her published work at jennagottlieb.com.

It has been a great book for planning our trip to Iceland. There is a lot of good information to help plan out activities and things to do in each area of the country. I also have friends that have suggested things that are not in here, but are more known by the locals.

Excellent book so far. We are planning a trip to Iceland and this is well organized and informative. We haven't gone yet, so we don't know how accurate.

This is a great book for planning a trip to Iceland, up to date, nicely ordered, in depth.

Great way to plan trip to Iceland. BOok was eco mended by travel company and has been a great asset in planning our trip scheduled for next year

good for two week tour

Extremely well written and thorough travel book on Iceland. I was able to select an excellent hotel and map out my entire trip. The book made me very excited to visit Iceland

pictures are nice. however, it doesn't have a good overall map of Iceland with key spots to see. The book does it by sections, but an overall map showing key spots would be nice.

Not so good. I took it over to Iceland and it just didn't suit my needs very well. A lot of the recommendations seemed really questionable from the restaurant end of things and even stuff to do, it just felt difficult to put a plan together with the book.
