Synopsis

Costa Rica has rapidly become the most popular Central American surfing holiday destination and it is not just because it has great surf on both coasts. Other factors like political stability, tourist infrastructure, clean water, cheap cost of living, natural beauty, friendly people and good security compared to itÃ¢â ¬â„¢s neighbours has driven a tourism and property investment boom over the last 2 decades. Panama might not tick all those boxes at the moment, but it is fast playing catch-up and the quality of itÃ¢â ¬â„¢s waves easily matches those of Costa Rica, on both Pacific and Caribbean coasts.The Stormrider Surf Guide Kindle ebooks are just part of the worlds best selling and most respected collection of surfing guide books. The Stormrider Surf Guides come in just about every format possible including paper, Itunes App and now the Kindle edition ebooks. They are the only comprehensive colour guides to the coastlines of Europe, North America, Central American and the Caribbean, Indonesia and the Indian Ocean, South America, Africa, East Asia, The Pacific and Australia. The authoritative text includes oceanographic, environmental and cultural notes on the entire coastlines. Each guide contains numerous full colour maps and superb photos of the best waves, shot by the best photographers. All information is compiled with the help of local riders whose sensitive approach enables an accurate and knowledgeable appraisal. An essential tool for surfers searching for their perfect wave.

Customer Reviews

Two years ago I bought your guide about Peru it was great. However, this timeI couldn't believe when I opened the Costa Rica guide I had just bought at . There is no detailed information about the spots, how to get there, tides, wind direction, etc. The only think you provided is a bunch of general information.You should review this edition. I would love to have my money back.

Do not waste your money on this lame book. Spend money on Surfers Guide to Costa Rica. This books rocks compared to The Stormrider Surf Guide. Complete waste of money. Little information. Especially compared to the helpful info in Surfers Guide. Trust me(though you don't know me), do not buy it. I just saw my money fly out the window in less then 3 minutes.

As other reviews have stated, very basic information that you can easily get by quick Google search.

Not really good
