Magruder’s American Government 2003: Foundations of American Government, Government By The People, The Legislative Branch, The Executive Branch, The Judicial Branch, Comparative Political and Economic Systems, Participating In State And Local Government.

I taught High School Social Studies for 31 years, and this text was the only one I ever recommended for adoption and used in my Advanced Government classes. All other American Government textbooks pale badly when compared to Magruder’s American Government. I am currently using this copy to work out an American Government outline for my sister, who is a State Teacher Trainer in another state. She knows that I taught American Government for 31 years and asked for my help. I agreed when I found that I could get a copy if this outstanding textbook. Don’t waste your time with other’s - ask for Magruder’s American Government!

I like how it gives objectives and aassessments for each section and the book provides a website and a web code to take a self quiz during each section.ÃƒÂ Ã Å¸Ã â ˆÃ Â•

Excellent

Excellent government book. Comprehensive and well organized. Full color, glossy pictures on every page. A pleasure to use.

I have been used this book when I was in high school in my Honor American Government class. This book is great they give you a lot of information you need to know about government. Plus at the back of this text book you can find the Constitution, The amendments, Supreme Court cases, and many more!!! This book is the great way to study American Government.

Just what we needed.

This book is being used by my son’s school in his senior year and it has a good overview of american history

Some wear and tear but nothing that would cause a disruption to the student. Pretty good price comparing what others were asking for at the school.
