Synopsis

Completely updated every year, Frommer's Morocco features detailed information on the sights and experiences that await you. Our expert author takes you through this North African country's greatest cities, from the alleyways of Fes to the souks of Marrakech, giving you tips on how best to navigate what can be a hectic country, from choosing a guide to haggling at the market. An in-depth culture guide exposes readers to Morocco's history and present, taking you on a tour of the country's religion, architecture, music, food, and people. Surfers, skiers, hikers, and other outdoors enthusiasts will appreciate our book's Active Vacation Planner and tips on how to explore the desert and the small villages of the Atlas Mountains.

Customer Reviews

A drive along the southern section of the DadÃƒÂ¨s Gorge reveals tranquil villages and spectacular natural scenery. See chapter 8. Detailed maps throughout Exact prices, directions, opening hours,and other practical information Candid reviews of hotels and restaurants,plus sights, shopping, and nightlife Itineraries, walking tours, and trip-planning ideas Insider tips from local expert authors

Darren Humphrys is a writer, photographer, and tour guide who left his native Australia in 1997 for an African safariÃ¢â ¬â •and stayed. Now residing in his adopted homeland of South Africa and a self-confessed "Africa-phile," Darren has been leading tours to Morocco since 2001. He has also contributed text and images of his favorite North African country to various guidebooks and travel

magazines.

I received the book in OK condition. I wouldn't quite say it was in "good" condition. It had been a library book (stamped as such) that the buyer apparently bought from his/her library so it had clearly been through many hands and it showed somewhat in the condition of the book. It was difficult finding this- as I believe Frommer's hasn't published a new one in a few years- so I was happy to receive it.

If you have the time to educate yourself before your trip this is an approriate guide. If you are a last-minute person and you want to whip something out of your pocket while you stand in the middle of Marrakech wondering what to do, find something else. We read some of it before we left and did some preparing the day before we were to visit a specific city, town, or region, and that worked for us.

I usually use Lonely Planet for all my trips, but this time I decided to try Frommer's. It wasn't bad--I like the idea of acknowledging which things are overrated or hidden gems, but the book was still a little dry for me. The hotels it lists are much more expensive than I was looking for, and the layout of the book makes it difficult to flip through for quick reference. It is the first edition though, and maybe the second will be a little better.

Of the three major guides that we looked at, in retrospect, this was the most concise and useful for our purposes. It was used mostly for information on what to see, and how to get there. We don't use these books for seeking out where to stay or eat, but for what we needed this was the most useful.

As a traveler. I always buy books before I visit a new country. This book was just what I wanted to learn about Morocco.Full oof interesting and helpful info for a great trip.

The book was like new as promised, I am very happy with my purchase of Frommer's Morocco. I will shop for books again on this site.

Just perfect for planning our trip to Morocco. It had everything that we needed. We will take it with us for future reference.

Shipped to us on time. Good seller. Book is very useful. We plan to go this year and I am sure this will be very useful.
