Synopsis

The core of this text is based on sound economic and finance principles to promote a greater understanding of how real estate financial markets work. The authors blend theory with practice applying the theoretical aspects of financial economics to explain how real estate financial institutions and markets have developed and evolved to their present state, and why they take the forms they do. Dramatic changes in the real estate financial markets and the impact of major federal legislation that applies to real estate finance (especially residential) are addressed. Direct application using ARGUS software makes this book extremely hands on giving students practical, real-world experience in real estate analysis.

Customer Reviews

The publisher, Thomson Learning This text applies economic and financial theory to explain the development of real estate financial institutions and markets. In addition to applying this theoretical foundation, the text develops an understanding of the major institutions and the roles they play in the real estate finance market, the major federal legislation that impacts real estate finance, and how law shapes and affects the form of the real estate finance market. --This text refers to an out of print or unavailable edition of this title.

Key Benefit: This text applies economic and financial theory to explain the development of real estate financial institutions and markets. Key Topics: In addition to applying this theoretical foundation, the text develops an understanding of the major institutions and the roles they play in

the real estate finance market, the major federal legislation that impacts real estate finance, and how law shapes and affects the form of the real estate finance market. --This text refers to an out of print or unavailable edition of this title.

I bought this book for my real estate finance class as part of my MBA. I did not use it that much because most of the material was from the lecture, however, what I did read seemed to be pretty well explained.

amazing book enjoyed every minute and will immediately return when I am finished reading it! Thanks again for the book!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Although the book was not shipped that quickly, the book was in excellent condition. I am very satisfied with the book's condition. I just thought I would have received the book sooner.
