Immerse yourself in lively street festivals See hundreds of butterflies or visit a bird hotel Create your own unique perfume Discover works by famous artists including Picasso Plus: the best attractions, food, drink and accommodation Also: lots of evocative photos and regional maps

We took this to France last year, and while a lot of it was helpful, several things we picked out to go an dsee no longer existed or had changed or were gone.

This is an absolutely wonderful and comprehensive family guide book to the French Riviera and Provence! I have been living in Southern France for 13 years, and have two small children. I also own the previous edition of this book, and have found them both extremely useful! This book is a great, easy-to-read reference, full of creative ideas for family outings, practical travel information, and many valuable insider tips. You will even find some tasty local recipes! I love the personal style of writing, and have found the book to be a great value! I highly recommend this book, for both locals and tourist! You will be happy you have it with you while you are on the Cote d'Azur!

This is a fantastic travel book and an essential read for a family holiday in the South of France. It is clever, interesting, and full of useful details, obviously written by a mum who has knowledge of what traveling with small children entails. I definitely felt like the author has personally visited and enjoyed all of her recommendations, and her insight & personal touch makes this book feel more like a chat with an unusually helpful friend than a travel book written by a professional author. Thank you, Ms Simpson!
