Customer Reviews

What a find ! Had to come up with a perfect little gift for a friend to take to France....she loved it and... it works !!!

Each walk has only 1-2 paragraphs of information-- not nearly enough to really know what you are looking at and why. I guess if you have a big guide book too--where you can look up the importance or meaning of the stops on the walks--these cards at least provide you with a small map.

We meet a lot of visitors to the area, in and around Avignon. This guide is a BIG hit with everyone!

We love this product and feel it will add alot to our trip this year.
