love this, lots of information, very informative

Due to its date, it did not accurately depict the drive from Victoria to Tofino plus its representation of Port Alberni.

We spent a week on the island, including a day kayaking in the Broken Group. It was an awesome week, and this book was helpful in deciding what to see and where to go.

the book was a little more shopworn than I expected

This book has helped plan our vacation to Canada. Frommer's is always the best.

Tons of useful information

Very detailed and up to the standard I expect when buying a Frommer's travel guide. Detailed, easy to navigate and accurate.

Frommer will never dissapoint you. If you have limited number of days and want to see as much as possible, this is the right guide. IT also details all essential services and key WEB sites. For this price tag, just keep it in your backpack.
