Synopsis

Bermuda 1:37,700 Holiday Map with St.George’s & Hamilton street plans FRANKODouble sided map and guide, waterproof and tearproof, highly suitable for tropical conditions of Bermuda, sheet size 27 x 18.5 inches. It is a colorful, accurate pictorial map that is like a guide book on two pages. SIDE 1 - is the everything-you-need-to-know to visit Bermuda - all of its attractions, transportation, facts and figures, at fantastic detailed scale 1:37,700 (scale suitable for hiking). Bermuda’s two main towns, St. George’s and Hamilton, are also detailed, highlighting the things to see and do. This map is a virtual pictorial guide book to Bermuda, with over 5,500 words and 20 photographs to explain every historic site, the golf courses, scenic sites, the best beaches, favorite snorkeling spots, and Bermuda’s color-coded transportation system of buses and ferries. SIDE 2 - is the dive side of the map, with five dozens of Bermuda’s most famous and popular wreck and reef dives accurately located with over 5,000 words of descriptive details. The basic dive map itself is identical to the map on side 1, but it is zoomed-out to scale 1:67.000 to display a larger area of the surrounding Bermudian reef. Included are locations and details about Bermuda’s most famous and popular dive sites. Bermuda’s reef is infamous in that it has claimed hundreds of ships and boats - from Spanish galleons to modern yachts and fishing boats - over five centuries of history. This Franko Map locates and describes the most interesting and accessible ones which Bermuda dive operators take you to, or which you can reach from shore. With such a long list of sunken ships and boats on such a huge reef, one wonders, "What ships and what treasures have not yet been discovered?" As for the ships that have been found, and as for the ones that are of interest to Bermuda’s visitors, this map captures them all.
