Customer Reviews

This is an excellent map of the area, but I was really looking for a map that extended further west--all the way to the Atlantic.

This map saved my life in Rioja and the Basque Country. I would not have been able to travel to skip many places so easily without it. It is very clear and easy to follow. It is a little big but is expected from a detailed map.

As always Michelin maps can take you anywhere even the most remote locations

A bit to large to handle and quite fragile but lots of detail.

Great Maps!

Used extensively and met all expectations.

just what i needed.

I had different expectations based on the description but it is map of the described area.
