Synopsis

This new book reveals the secrets behind President Trump's rocky entrance into his presidency, and why THIS presidency will be the most chaotic, dangerous and upsetting presidency in history. He exposes and calls out the names and linked groups that have have been behind the vicious personal and political attacks upon him and the GOP, offering up realms of proof as to their evil intentions toward all who strive for the American Dream! The author holds nothing back from his years of research into the studying of the huge, and possibly ominous, long term agenda of certain anti-American groups that have worked long and hard at creating their dreams of a new, and less free "America The Beautiful". He leaves no doubts about who really runs the world's affairs while actively fooling many of us that we actually have much of a real say. Will newly elected maverick Pres. Donald Trump be allowed to actually achieve his big plans to "clean up the swamp?" The leftist media's and the democratic party have waged war upon Trump, his agenda, and are readying for unbelievable chaos all across America in order to get rid of the "maverick" newly elected man whom is already derailing their utopian vision of a new America. Glinka offers a well researched work that includes perhaps one hundred of the most unbelievable and historical quotes & actions that have come out of the mouths of the known socialist elitists and far leftist heavy hitters for many decades. Motivated by his love of true Americana, the author proves the historical and ideological ties that have long brought together the one central theme and dogmas that joins these groups. Fully proven is why we have a (largely avoidable) crooked Washington politico, fake news, the most deadly and and over-priced drugs, vaccines, healthcare, schooling and government in the world. Explained is exactly why we suffer with insane wage inequalities, paycheck robbing inflation, an unconstitutional Federal Reserve system, engineered booms and busts, expensive and avoidable wars, street gangs and terrorism, crooked elections, crippling student debts and failed morals. Proven is how these plagues have always been largely avoidable but for these scumbags. After reading this book, you may never see the world in the same way. This should be required reading in every high school. That is if the big state would ever let them! For all Americans and world citizens, this is must reading to make sense of todays engineered chaos. Get ready for a wild, informative ride.Will Pres.Trump's promises and programs turn back the tide of insanity? Will he survive his presidency, or do the real elites of the world have a plan to use him towards their own end game? Find out the surprising truth. Get ready for a wild ride!

Customer Reviews

Have you been wondering ÃƒÂ¢Ã â ¬Ã Å“What has happened to the United States of America that I grew up in?ÃƒÂ¢Ã â ¬Ã Â• ÃƒÂ¢Ã â ¬Ã Å“What happened to our economy?ÃƒÂ¢Ã â ¬Ã Â• ÃƒÂ¢Ã â ¬Ã Å“Why canÃƒÂ¢Ã â ¬Ã â„¢t I work hard and make a decent living today?ÃƒÂ¢Ã â ¬Ã Â• ÃƒÂ¢Ã â ¬Ã Å“Is there a positive future for my children and grandchildren here in the U.S.?ÃƒÂ¢Ã â ¬Ã Â• If you have, then Ed GlinkaÃƒÂ¢Ã â ¬Ã â„¢s book Planned Collapse of Americanism is a must read. This book offers a wealth of researched data that clearly concludes that our government and global elitists are the reason that we are in the mess that we are in now. There are a group of global elitists who have been working behind the scenes for decades to undermine the fabric of our society that the signers of the Constitution worked so diligently to define and hoped that we, as their descendants, would be able to hold on to. Unfortunately because these nefarious powers have infiltrated our government we should be very concerned about the ÃƒÂ¢Ã â ¬Ã Å“enemy withinÃƒÂ¢Ã â ¬Ã Â•. We are just a generation away from no longer being the greatest nation on GodÃƒÂ¢Ã â ¬Ã â„¢s Green Earth. The case is made in this book that the big state needs to be defeated and they need to be defeated now. Mr. Glinka

recommends we return to the principles of smaller government and fiscal responsibility before it is too late. I donÃƒÂ¢Ã â ¬Ã â„¢t want to divulge any more details of the book but I do want to highly recommend that you read it and decide what you and your family need to do to stem the tide and to protect yourselves in the coming years.

Fantastic and informative. Ed has really given us a look at what is going on around us. Things that we could never imagine are happening right now. Hopefully President Trump is aware of the "New World Order" and can do something to put a stop to it. Thank you again Ed.

Very informative and a real eye opener. All Americans should prepare and fight this deceptive takeover of America. We are losing our freedoms and money by these crooked bankers and elected officers. Donald Trump is our only hope and Making America Great Again! Ed is a great writer Betty A. De Boer

Awesome book, incredible information brought together in a way that the main stream doesn't put out there. Hey the rest of the story.

Shouldn't this book come with a warning label? "Caution: contaIns conspiracy theories that could be harmful to your intelligence Harmful side-effects include paranoia, mistrust of others different than oneself, and erosion of belief in democratic government. Must be taken only with a strong dose of healthy skepticism, and never in combination with blind faith in some strong leader Readers, this book could wash your brain beyond all recognition of reality."

I refuse to legitimize a narcissistic author who doesn't know that "irregardless" is not a word that should be used in formal writing or speech- which I am quite sure glinka believes this piece of jumbled mess to be. With all of all the insane, informal, uninformative rants,I wish I could give this trash 1/10 star: a pity star. Glinka can spell much better than trump but his sentence structure is horrific. Stick to coloring your nose shades of brown & orange. You're much better at it.
