Synopsis

The workbook portion of the SAM includes the Pratica del vocabolario e della struttura section, to be completed after studying the corresponding text material, which provides reinforcement practice of the lesson vocabulary and grammar topics individually. The Pratica della comunicazione section, completed at the end of each text lesson, contains open-ended and communicative exercises to integrate the lesson material. The lab manual portion is designed for use with the SAM Audio Program. Written and oral exercises reinforce lesson structures and vocabulary and provide additional pronunciation practice. Also included are the dialogues from the text and numerous activities based on conversations, recorded messages and announcements, and descriptions to help students develop listening comprehension skills.

Manual is missing a few pages. I understand that the product is used, but what will I do about the missing pages that I need for class? UPDATE: I realized I was missing about 3-4 chapters from the book. Fortunately, I only needed one of those missing chapters for the semester but still, that is no excuse for a product that isn't up to the standard. Someone really should be quality checking these rentals! I feel like I got scammed out of my money for an incomplete used textbook.

Just as described, the way it should be.

My copy was marked up and falling apart.

Daughter needed for a course as described, showed up fast.

i would recommend this to anyone studying Italian. It is a great manual with terrific exercises.Very helpful to have.

perfect

This workbook was a bit old, with minor writing on it but it was what I needed along with the lecture book.

There's no doubt about it - this book is terribly overpriced. 250 pages of sparsely filled low-grade paper ... if this were a children's puzzle book (which it looks like), it might retail for 10-15 bucks. But what really bothers me, is the realization that the publishers are pocketing all the profits while our teachers are underpaid. Makes me want to go out and photocopy something!
