Either If you are learning or brushing up your English, this book is a MUST for you.It has a lot of exercises and grammar explanations. Although I would recommend you to complement this book with a book called "ESL Demystified", which explains everything more easy and simple in some parts.This new edition includes an online access to MYENGLISHLAB.COM, which is a site that has more exercises and more grammar explanations (reading and videos). The only negative aspect that I did find was that the access it's only valid for 2 years. I mean, I bought the book (expensive) and I deserve a lifetime access.I recommend you buy this 5ed instead of the 4edition , which may be a few dollars cheaper. The main reason, it's that the new book includes more grammar exercises and additional resources (myenglishlab, pictures, tables, etc)By the way, I took some English classes and they use a lot this book as a helping material.
