Customer Reviews

I played bassoon in High School and College (was a bassoon minor, actually), but stopped playing once I entered the working world. Now, 15 yeras later, I joined a community band and had to pull the bassoon out of mothballs. I got this book to help me get my chops back in to shape and remind me of the fingerings. The book was very helpful on both counts. The book is intended to go hand-in-hand with private lessons, as well (there are duets in the book). This does not mean you have to have a private bassoon teacher to use the book, but this book coupled with private lessons can help you learn or improve your bassson playing skills.

Great book for a very rusty bassoon player
