Customer Reviews

After ordering well over one hundred books from , this is the only book that I have been truly dissapointed in. At almost $28.00, I expected a book full of glossy, up to date photographs, with nice descriptions. Instead, the pictures were well over 30 years old, quite small, and of minimal quality.How the publishers ever came up with a price of almost $28.00 for this pathetic excuse for a book is amazing. This will be my first 'return' to in over fifteen years.

Reads like an elementary school textbook. However, I was glad to get the pictures and information. Thank you, thank you.
