## Customer Reviews

As the title suggest the book describes the top ten Greek legends but each one is written in a different style, from an angry letter to Zeus, a play, a newspaper article or a police report in the case of Oedipus and I think this makes the book even more interesting. It also has top ten facts in between each legend from a list of the most powerful gods to a list of mythological criminals and their punishments.As it is written in the same style as the horrible histories (and by the same author) it is light and easy as well as funny (if slightly cheesy) and goes into another depth to interest and entertain the reader without boring them.If you're attracted to Greek mythology but don't want to go into too much depth I think you'll like this, i certainly do!

This is a marvelous book for kids ages 11 and up to get started with the major Greek myths. The stories are written in a style that is easy to comprehend, but with enough detail to the original myth.

Highly recommended.Alan Safani
