Customer Reviews

Ok this one was much better and I love the twists and turns. The writing was fun and witty and it kept me reading. I didn't put this book down. Thank you Evelyn!

Great book. Ended up reading it all in one sitting. This was a hot and sexy read with heavy on the sexy. I will definitely be reading more from this author.

Evelyn Glass wrote another MC book with a great plot and very likeable characters! Cara is a single mother of a 5 year old son named Austin and she works as a nurse at the local small town hospital. Damian is the VP of Kings of Chaos MC who gets shot at a meeting with another MC for protection for a drug run gone bad. When two members of the opposing MC come to finish Damian off at the hospital, Cara interferes and she tells them they must leave, however, she slips and uses Damian's first name which the other MC members think that she is closer to Damian than she really is. Cara is soon kidnapped and Damian rescues her and he protects both Cara and her son from future attacks. Damian stays at Cara's house so she can take care of him because he left the hospital before he was officially released to rescue Cara. They are attracted to each other and they sleep together, afterwards, Cara states that it can't happen again because Damian is the type of guy and his lifestyle is what Cara has fought so hard to protect her son from. Will these two find their happiness together, you will have to read the book to find out!1I voluntarily reviewed an advanced reader copy of this book.

By chance two people who knew each other when they were in high school are thrown together again by fate and it turns out to be the turning point in both of their lives. Damian is part of an MC, a soldier to the core and a man filled with honour and strength and an equal amount of hurt and pain. The last thing he thinks he needs is a woman who will be the only one he would want for the rest of his life let alone the fact that she is a single mother, and Cara was the one notch on his bedpost in high school he always wanted but never had. Permanent relationships and fatherhood are not on his list of priorities but once he gets a taste of both Damian realises exactly what he wants his future to be filled with. This story is filled with twists and turns and was an enjoyable read. Written in a way that keeps you engaged until the end. I think this book is written well and the story moves at a decent pace and you will be pleased you read it. Happy Reading!

Wow Evelyn Glass keeps gripping me with her books. Got this book as an ARC read. AM I GLAD I

DID. Cara is someone who has fought to make her way in this world, after her parents didnt raise her due to loving drugs more than her, she is determined not to give her son Austin the same life. Working hard Cara is a nurse who has built her new life around her son. No one will screw that up. Even her mother showing up wanting money for her next fix. Then one night in the ER Damian is wheeled in. Cara knows who he is, the boy who she thought wouldnt amount too much. Was she right? He is a MC, VP at that. But something in him is drawing her in. Damian started out wanting into Cara's panties in high school, but when he sees her now, he wants more. Wants to protect her, thats not just his military training. That's what they both end up having to do. Protecting each other. Will the the threats to the them both end badly, or will they get the happy ending they both deserve? Loved this book.

I LOVED this book. Evelyn Glass has a way to bring into the MC world and not let you go! Damien and Cara are wonderfully written characters as well as her son Ian. I also like Damien's close friend Crank. I felt that this book was well written and well developed. Evelyn got in-depth with the characters and their past as well as how and what they were thinking and feeling through out the book. I love that she was the one that saved him in the beginning and then he saved her in the end. What a great love story that was full of action and self reflecting! I will continue to read her books!I voluntarily received and read this ARC.

I volunteered to read this book. I read all of Evelyn Glass's books. I love her and her books she is an amazing writer. I could not put it down. There was so much action, drama and protectiveness. Damian is VP of King of Chaos MC and is shot 4 times by rival MC. Cara is a single hardworking mother who is a nurse ends up taking care of him. She is dealing with her drug addicted mother and wants a stable home for son. He is ex Military and biker that she went to high school with and is attracted to him but not the life he leads. He protects her when they comes after her too. Great book 10 stars a must read. Once again a hot book by Evelyn.

This book gives you everything that you expect from an MC, violence, great sex, and corruption. However, this book also leaves you questioning so much. So many issues are just left hanging and I felt things came to an end entirely too quickly. That along with the many grammatical errors is the reason for my three stars. All in all, this was a well written story. I enjoyed the ups and downs. I especially loved Damien. He wasn't the typical douch you read about in MCs. Cara was a strong and self sufficient woman, and I loved that. This was my first book by this author, and I would read

more from her.
