A step above very basic stuff. If you've never used apple products this is a very good book. If you're looking to learn more than the basics keep looking.

Very informational even for someone who is not very computer savy

I'm still working on familiarizing myself with my new iMac. And the book is a big help. Very much satisfied.

Good photos but not enough detail.

This book is a step by step introduction to Apple verses PC computers. Excellent!

I saw very pleased with this book, Just what I needed.Thank You.

Well presented and exactly what I needed.

Met my needs very well
