Ben Ripley, a 12-year-old CIA spy-in-training who was first introduced in Spy School (2012), returns in another lighthearted action adventure. This one finds himÃ¢â ¬â •to his disgustÃ¢â ¬â •required to attend summer spy camp. Dreary, yes? But then something astonishing happens; he is approached by an agent of the supersecret evil organization Spyder, which is trying to recruit him to join the dark side. It seems Spyder hopes to capitalize on a unique talent that Ben doesnÃ¢â ¬â„¢t even know he possesses. WhatÃ¢â ¬â„¢s going on here? Whatever it is, it will involve superspy Alexander Hale and his equally talented daughter Erica, on whom Ben has a serious crush. Spies,

counterspies, moles, and a Civil War reenactment (donÃ¢â ¬â„¢t ask) speed the brisk action. There are too many plot conveniences, but the characters are both comic and convincing (no mean feat), and the story boasts some nifty surprises. Fans of the genre will be pleased and will look forward to the next volume in this series. Grades 6-9. --Michael Cart --This text refers to the Hardcover edition.

Five stars for spy camp! This book is amazing! I was first introduced to the spy school book last year and I was instantly hooked! This is the sequel to spy school and I actually think I love the second book more than the first. Thank you Stuart Gibbs for turning old fashioned detective literature into hilarious books for people of all ages. I can’t wait to see what happens to Ben next. If you think you are to sophisticated to read a children’s book, y’all are wrong. I love this book and I know you will too. So don’t think, just buy spy camp, or you’ll be sorry.

I really enjoyed reading this book. There was funny humor (the best kind), plot twists and interest during the entirety of the book.

other two very good series is a must readlast one is the best of all of themif you liked the series try the cherub or Alex rider series both r five star series

This Is Stuart Gibbs come on people I have been reading his books since I was 8 or 9 and I loved them back the I love them now they are THE BEST his writing flows and twists leaving you on the edge of your seat. I think it is a good book and a amazing authour

Unedited from my 8 year old son-This book is the sequel of the amazing series Spy School.I love how they put it into words so well and I was astonished by how amazing this series was capturing the interest in my mind!Benjamin Ripley is like the math calculator.Benjamin Ripley is a great role model and is always confident in everything he is involved in.A great page-turner and builds up lots of suspense in this.

10 years old loves this series.

Love the series. The space based series too. Give it a try, you won’t be disappointed. Great to read with your too.

Grandson is starting this "chapter book" series and likes the idea that the main character is in middle school like him.
