Synopsis

The second volume of this catalogue deals with the issues of mints in Asia Minor (including the islands and Cyprus), Syria, Phoenicia, Palestine (including Jewish coins of the Hasmonaean dynasty), Arabia, Mesopotamia, and other regions of the East, Egypt, Cyrenaica, and other regions of North Africa (including Carthage); also covered are the coinages of the Hellenistic Monarchies (Macedon, Thrace, Seleucids of Syria, Ptolemies of Egypt, Pergamum, Pontus, Bithynia, Cappadocia, Armenia, Parthia, Bactria and IndoGreeks). The primary arrangement is geographical (clockwise around the Mediterranean basin) and the listings for Asia Minor are divided between Archaic issues (before circa 480 BC) and Classical and Hellenistic (later 5th century down to 1st century BC).

Customer Reviews

I like the in depth history lesson with each coin.

A great resource for numismatists. I use it all the time.

Good basic classic reference book.

This is a wonderful book.

Great book for information, relative values, and history for a collector’s reference

While Sears is best known for his Roman series, this book is of great value to those trying to identify coins from the Greek colonies.

Its the best Greek ancient coin book, and a good way to know the greek world and the way the saw the world too

EXCELENT
