Synopsis

Soccer. No other sport in the world captivates a bigger audience -- and no other competition electrifies its fans like the World Cup. Now, just in time for the next World Cup competition, comes a book just for kids, jam-packed with information about each and every World Cup ever played. Want to know who was behind the biggest surprise defeat of the 1950 tournament? It’s in here. Curious about what happened to the Jules Rimet trophy when it was in England? Turn to the chapter on World Cup 1966. Wondering what the term Total Football means? You’ll find the answer here -- along with much, much more, including a bonus chapter on the Women’s World Cup and lists of winners, runners-up, and scores of past Cups. And because it all comes from Matt Christopher, young readers know they’re getting the best sports writing on the shelf.

Customer Reviews

This book is one of a few that was perfect for my soccer-loving, soon-to-be 13 year old son. He

finished it in one night. My hats off to Matt Christopher for writing such an engrossing and true-to-life piece of writing.

this book has a lot of information about the world cup. for all you sports fans. it looks back on all the world cups in the past years. I would seriously read this book if you are really into the world cup

Kids love this books! Tons of fun facts

My grandson, a keen soccer player, thoroughly enjoyed this book. .

My 6 year-old is a soccer fan and we have enjoyed reading about each world cup. Can sprinkle some world history & geography lessons in there, too. I learned a good bit about soccer, too! Highly recommend for soccer fans of all ages.

This is NOT a kids story despite what it and the description says. Some good Hitler and plane crash talk.

an incredible book. great text filled to the brim with brief but accurate and vivid descriptions of the previous world cups. Also tells about founders of world cup and the origins of soccer. MUST HAVE BOOK BY MATT CHRISTOPHER
