Synopsis

INSIDERS -- a visually groundbreaking, state-of-the-art nonfiction series that outshines Eyewitness and Discoveries. This stunning new series offers an inside look into twelve riveting subjects, beginning with Dinosaurs, Egypt, Oceans, and Space. Expertly written, each book will feature an arresting design, complete with dynamic, multi-layered CGI and 3-D model imagery that is complemented by fascinating, up-to-date information presented in a user-friendly format. Get a glimpse inside the chambers of King Tut's tomb, examine each layer of mummification, and see the inner workings of pyramid-building. Egypt covers every facet of ancient Egyptian civilization!

"An enthralling account of how this ancient land was rediscovered... This is a book that will appeal to both budding Egyptologists and casual historians in equal measure" * Global Magazine * --This text refers to an out of print or unavailable edition of this title.

These are incredible I want one for every subject possible they are informative, vivid and easy to follow I love that they go into so much detail showing locations of the kingdoms and dates of

discoveries in an easy to follow format. these are great books! I don't have children I am just an archeology buff and these help me breakdown some of the more complicated books I have purchased on ancient Egypt.

Great book for children and adults alike.

I bought this for my grandson at Christmas. The book is really nice, and he is enjoying it.

We have bought just about every book in this set. My kids absolutely love them and bring them with us everywhere. there's always one in the car, one in the church bag, you name it. the back inside cover has a picture listing of the books in this series and my boys are always quick to point out which ones we don't have yet.... so we go to to buy them!

I have a 5 yr old son who absolutely loves these books! We bought his first one at a museum and after he looked at it and discovered the pictures of other books, he now has a request list of all the other insider books so far. So far we have the egypt, Flight, and weather books. Look forward to buying more of these very cool and educational books.

A+

They like it. It is for kids. It is a book. What you see is what you get. But great pictures for my son in 1st grade.

The book was in great condition! It is very informative, with lots of wonderful illustrations. I highly recommend it for everyone!
