Synopsis

ThereÃ¢â ¬â„¢s little question that he actually lived. But miracles? Rising from the dead? Some of the stories you hear about him sound like just thatÃ¢â ¬â •stories. A reasonable person would never believe them, let alone the claim that heÃ¢â ¬â„¢s the only way to God! But a reasonable person would also make sure that he or she understood the facts before jumping to conclusions. ThatÃ¢â ¬â„¢s why Lee StrobelÃ¢â ¬â •an award-winning legal journalist with a knack for asking tough questionsÃ¢â ¬â •decided to investigate Jesus for himself. An atheist, Strobel felt certain his findings would bring ChristianityÃ¢â ¬â„¢s claims about Jesus tumbling down like a house of cards. He was in for the surprise of his life. Join him as he retraces his journey from skepticism to faith. YouÃ¢â ¬â„¢ll consult expert testimony as you sift through the truths that history, science, psychiatry, literature, and religion reveal. Like Strobel, youÃ¢â ¬â„¢ll be amazed at the evidenceÃ¢â ¬â •how much there is, how strong it is, and what it says. The facts are in. What will your verdict be in The Case for Christ?

Who Was Jesus? A good man? A lunatic? God? There’s little question that he actually lived. But miracles? Rising from the dead? Some of the stories you hear about him sound like just that--stories. A reasonable person would never believe them, let alone the claim that he’s the only way to God! But a reasonable person would also make sure that he or she understood the facts before jumping to conclusions. That’s why Lee Strobel--an award-winning legal

journalist with a knack for asking tough questions--decided to investigate Jesus for himself. An atheist, Strobel felt certain his findings would bring Christianity’s claims about Jesus tumbling down like a house of cards. He was in for the surprise of his life. Join him as he retraces his journey from skepticism to faith. You’ll consult expert testimony as you sift through the truths that history, science, psychiatry, literature, and religion reveal. Like Strobel, you’ll be amazed at the evidence--how much there is, how strong it is, and what it says. The facts are in. Had a very hard time just starting this book. Couldn’t follow it. The author had some good points but seemed to jump around too much. I couldn’t even read 1/4 of the book.

Seems as though the author repeated himself a lot. Seems like he rambled a lot. Good interviews though

Excellent research in a well-written format. Get his companion devotional, Today’s Moment of Truth.

Excellent book, well researched and written. Movie come by in April will be fantastic.

Excellent read! Would recommend to anyone.

This book varies little from the others that Strobel has written with his statement of the obvious "Next I decided I had to visit and interview, none other than the leading expert on..." :) know what I mean?

The book is better than the movie

wife and friend love them
