I saw this book suggested on *A Mighty Girl* website. My 4 & 5 year old home educated girls LOVE this book. I highly recommend it for boys or girls who are interested in learning about historical scientists, environmental issues, etc.

Got this for my youngest daughter. Girls need real life hero’s to inspire them and not have limitations on themselves. I am always looking for books like this and there are so many when you look. Positive images of women doing great things in the world

Good book at a great price and prompt shipment.

My granddaughter and I thoroughly enjoyed this book. I had no idea that Carson’s life was so difficult. All the more reason to admire her for persevering to get her important message out. I cannot help but wonder what she would think about GMO crops that have "built-in" insecticides that we are all ingesting.

Great book about a great woman!

beautiful, loved Silent spring as a child and love this now for my grandchildren who are very intelligent and ecologically motivated

Love this book. I even had my AP Environmental Science kids read it and they loved it too.

Kids loved it
