Best Sellers Rank: #5,215,101 in Books (See Top 100 in Books) #74 inÃ Â Books > Health, Fitness & Dieting > Diseases & Physical Ailments > Spinal Cord Injuries

Customer Reviews

Book by Becker, Elle Friedman

In the late 1970's I met Elle in the Bay Area of California. I was attracted to her beautiful persona, and intellect. We spent some quality time together before I moved to Colorado. She talked to me in depth about her situation, and its' challenges. She gave me a signed copy of this amazing book, and I have referred to it many times over the years. It is a work of insightful exploration into a topic that is timeless. Not just for women with spinal cord injuries, but for, well, literally everyone. Deep glimpses into who we are spiritually, as well as sexually, revealing things about ourselves that we just never knew how to identify. Heavy stuff, 'eh? Not really. Her masterpiece is imminently readable, and satisfying. She should reprint this book, as a newer, more inquisitive audience has emerged that can appreciate and grow with the experience of reading it.
