Customer Reviews

"This [DK Eyewitness Travel: Top 10] might be the best traveling companion to throw in your pack. It’s a slim and sleek overviewÃ¢â ¬Â¦ loaded with practical and useful content." Ã¢â ¬â • Gadling.com"KnownÃ¢â ¬Â¦ for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." Ã¢â ¬â • Chicago Tribune"The best optionÃ¢â ¬Â¦ Color photos, maps, and diagrams bring the place to life." Ã¢â ¬â • The Philadelphia Inquirer

This guidebook was a great resource for planning a trip to Thailand. The city guides are well-written, and the book covers just about every conceivable destination, not just the main tourist hubs. I found a couple of hidden gems looking through here. Dining options recommended were hit or miss, but the hotels were consistently good.It’s also useful for a lot of the cultural notes for foreigners, covering everything from the wai, tipping, clothes to wear (especially at the wats), and common faux pas. Sure, a good deal of this may be available in online resources, but the book does a solid job of compiling this all into one travel-friendly resource, especially for those who may be outside of data networks while trekking across Asia.

I got hold of this at home for some days (it belonged to a friend’s friend) and decided to buy it before a 3 weeks trip to India with my daughter and my sister. Together with a foldable road map, they resulted in our next sacred books! The fact that not only it offers good descriptions and interesting facts but also pictures and infographics helped us decide where to go and which places could be left out in our Rajasthan/Delhi/Agra 3 weeks journey. OK, a bit heavy to carry it in a purse/tote while riding a camel in Jaisalmer, but perfect to read it in the long rides by car or train that this vast and wonderful country encourages you to do...

This is the same old story found with most travel guides. There is either too little content, but good pictures, or poor visuals, with good to too much content to get through.This book has nice pictures but not enough information about the sites, it’s more eye-catching than informative, I would not get it again, or maybe I would get it in conjunction with a more informative travel book.

In my opinion, the DK travel books are the best of the travel books -- The only problem, if it is a problem, is that there is so much to read and discover that it can consume my time.

I love the DK and IDG series for their beautiful pictures, maps, and diagrams. The historic and background information in this book is helpful for me decide the places I'd like to visit on guided tours. Afterward, it will remain, among my own photos, a memento of my trip.Suggestion: if you're planning a self-tour, you may want to supplement or stick with Lonely Planet or Fodor's for more detailed explanations and practical logistics such as where to stay and eat.

Excellent as the DK Eyewitness books always are. Better that Frommer's or Fodor travel guides, and WAY better than Lonely Planet, which are surprisingly popular considering their limited information and extremely limited photos.

Pretty good read so far, though not a lot of help with trip planning.

Eyewitness is always good, but this version is hardly upgraded from the previous edition. Purchased brand new, but some pages are faded as if the ink ran out in printing.
