Synopsis

"Of course, everything [D'Souza] says here is accurate... But it's not going to sit well with people on the American left who, of course, are portraying themselves as the exact opposite of all of this." Ã¢â ¬â •RUSH LIMBAUGHThe explosive new book from Dinesh D'Souza, author of the #1 New York Times bestsellers Hillary's America, America, and Obama's America. What is "the big lie" of the Democratic Party? That conservativesÃ¢â ¬â •and President Donald Trump in particularÃ¢â ¬â •are fascists. Nazis, even. In a typical comment, MSNBC host Rachel Maddow says the Trump era is reminiscent of "what it was like when Hitler first became chancellor." But in fact, this audacious lie is a complete inversion of the truth. Yes, there is a fascist threat in AmericaÃ¢â ¬â •but that threat is from the Left and the Democratic Party. The Democratic left has an ideology virtually identical with fascism and routinely borrows tactics of intimidation and political terror from the Nazi Brownshirts. To cover up their insidious fascist agenda, Democrats loudly accuse President Trump and other Republicans of being NazisÃ¢â ¬â •an obvious lie, considering the GOP has been fighting the Democrats over slavery, genocide, racism and fascism from the beginning. Now, finally, Dinesh D'Souza explodes the Left's big lie. He expertly exonerates President Trump and his supporters, then uncovers the Democratic Left's long, cozy relationship with Nazism: how the racist and genocidal acts of early Democrats inspired Adolf Hitler's campaign of death; how fascist philosophers influenced the great 20th century lions of the American Left; and how today's anti-free speech, anti-capitalist, anti-religious liberty, pro-violence Democratic Party is a frightening simulacrum of the Nazi Party. Hitler coined the term "the big lie" to describe a lie that "the great masses of the people" will fall for precisely because of how bold and monstrous the lie is. In The Big Lie, D'Souza shows that the Democratic Left's orchestrated campaign to paint President Trump and conservatives as Nazis to cover up its own fascism is, in fact, the biggest lie of all.

Customer Reviews

Dinesh D’Souza is the author of the #1 New York Times bestsellers Hillary’s America and America: Imagine a World Without Her. He is also a former White House domestic policy analyst and research scholar at the American Enterprise Institute and the Hoover Institution at Stanford University. His other best-selling books include Obama’s America, The Roots of Obama’s Rage, What’s So Great About America, What’s So Great About Christianity, Life After Death, and Illiberal Education.

Dinesh D’Souza researched this book from stem to stern and I was amazed by his extraordinary expose of Leftism’s influence on the National Socialists of Germany. I read this book on vacation and was unable to put it down. It stayed in my company at all times, even on the beaches of Hawaii. I am going to buy 3 more copies for family and friends. There’s a reason this book soared to the top of the New York Times bestseller list. And it’s a very good reason: IT IS THE TRUTH BASED ON DEMONSTRABLE HISTORICAL FACTS.

This is an incredibly face-paced book that reads like an action movie. It’s similar to James O’Keefe’s "Breakthrough" in that sense. D’Souza swiftly takes you from the origins of National Socialism to today’s Antifa without skipping a beat. He permanently killed the race card with Hillary’s America and I believe he will do the same to the Nazi card with this book.

Well written, accurate characterization of Hitler’s use of facets of organized democrat party in the south. These facts are easily confirmed by the average grade schooler. Facts don’t change incorrect opinions but if the truth can get through to even a few, job well done. D’Souza does not disappoint.

Excellent overview on Fascism and it’s connection to the left. As someone who is studying for their Masters and doing a thesis on Nazi Ideology, D’Souza explores a connection to the left that Fascism and National Socialism have always had.There are a few historical inaccuracies I would

tackle him on, but most of it could be attributed some glancing over or summizations a short book like this is bound to have. Overall D'Souza makes an incredibly complicated topic easy to follow and will atleast peak the reader to do their own research and judgement.And they will find out he is pretty much completely correct.

Great book. Dinesh outlines the history of fascism and nazism and shows us how it became modern progressivism. He also shows how and why the left changed the perception of these terrible evils as being created by the right. This is what the title "The Big Lie" refers to. This book is very well researched and you are sure to learn a lot from reading it. It is long, and long winded, including giving the reader more than enough real world examples of things like real events in which the left essentially has mimicked fascist and Nazi tactics, such as not respecting outcomes of democratic elections and physical threats to the other side. Dinesh names very many specific people who admired Fascists as well as Nazi tactics, to further progressive policies. If you want to learn something, be able to better defend your point of view and learn some history about human nature, then this is the book for you.

Dinesh has done it again! Another book that's very entertaining & educationalÃƒÂ Ã Å¸Ã ËœÃ â There's so many falsehoods that the left has used for decades to dupe the people into being loyal voters to them. Dinesh exposes these things & I learned new things that one just can't find out in today's history books! Well done Mr.D'Souza ÃƒÂ Ã Å¸Ã â ˆÃ Â•Great read!

It is refreshing to hear someone speak the truth and back it up with documented evidence. Looking about us we see "protesters" wearing masks, beating people, and destroying property and we know intuitively that these are the same jack-booted thugs that ushered in the Nazi reign of terror. Dinesh has a knack for getting to the heart of the issue and for making the complex simple to understand. I'll treasure this bit of truth like I do all his others in my library. Truely, anyone who rates this book poorly, hasn't read it and is doing so out of malice with the internet to deceive. Don't believe them.

Great book and dead on! The left in this country have revealed their hate and radicalism ten fold. This book pulled the history on the left and exposed them for what they are.....unhinged in every way.
