"Un cuento inmensamente divertido y entretenido para los peque?os lectores."---"Kirkus Reviews

Robert Kalan has also written the charming children's books Rain and Blue Sea, both illustrated by Donald Crewes. Kalan holds a master's degree in education and has taught reading to both gifted and remedial students from kindergarten through the fourth grade.Byron Barton is the creator of many picture books for young children, including My Car, Building a House, and Little Red Hen.

I chose to purchase this book because of its low price as well as the fact it was featured as a 4-for-3 promotion. But when it arrived, I was quite pleasantly surprised by the beautiful illustrations and simple sentence structure, which follows the repetitive style of 'There Was An Old Lady Who Swallowed a Fly", though in a much simpler sense (i.e., 'This is the fish that chased the frog that hunted the fly.'). As an elementary school Spanish teacher, this book has become a big hit in my

classroom, especially among the younger grades and for read-alouds, where the children quickly catch on and assist in the repetition of the book's title. Not only is it a great way to teach some animal vocabulary (mosca, rana, pez, serpiente, tortuga), but it's a great introduction to the use of 'tu' form commands.

These days it takes quite a bit to compete with videos, internet and TV to capture a 2 yr old's attention. This book does that, with its great storyline, catchy repetitive phrases and excellent illustrations that cover the entire page with bright colors. Great book for bilingual parents looking for a a new favorite book in correct standard Spanish with no perceptible regional terms.Muy buen libro para nin~os apprendiendo a hablar en Espan~ol estandar sin regionalismos que atrapa la atencion del nin~o con sus brillantes illustraciones y cuento con frase repetitiva. No es muy largo ni muy corto...unas 8 paginas todas bien illustradas y con una o dos oraciones en cada una.

We at first checked this book out from the library, but our 3-year-old (who isn't fluent in Spanish, I'm not either!) enjoyed it so much we bought it. It's an easy and very fun read. The illustrations are great too, they take up the entire page. I highly recommend this fun and simple book if you're looking for a story that is both visually engaging and entertaining.

We purchased this as a birthday gift donation to my son's kindergarten class (Spanish Immersion). The book was on the teacher's request list. It's a great early reader's story and the translation for non-native speakers is easy to understand. Great book!

I love reading this book to my son!

Mi niÃƒÂ a de 2 aÃƒÂ os lo ama "Ã Â¡Salta, ranita, saltaaaa!"

we love this book. Neutral Spanish, teaches about the food chain and has bright images.

What can i say. Well written and my girls love it.My toddler loves the slight repetition within the story.
