Synopsis

The Victorian-era trend of silk ribbon embroidery is back, and this comprehensive guide offers both easy-to-follow instructions for the delicate art and dozens of iron-on transfer pattern designs. Needleworkers will love the wealth of winsome patterns Ã¢â ¬â • floral sprays, topiaries, bouquets, flower baskets, and miniature nosegays along with hat, fan, and heart motifs as well as dainty "alphabet flowers," with each letter of the alphabet represented as a flower or plant (Anemone, Bluebell, Calla, Dahlia, etc.).Flowers and leaves embroidered in silk ribbon possess a lovely dimensional quality that seems to float above the background fabric. This beautiful technique features stitches that work up quickly and easily and an extremely versatile number of applications. Personal and domestic accessories such as belts, ties, scarves, hair ornaments, towels, table linens, and quilts are beautifully enhanced by ribbon embroidery. The simplicity of the instructions and illustrations for these designs assures that even novices will master a variety of lovely stitches.

Book Information

Customer Reviews

Love this book!

great seller A+++ wonderful product

I am just learning about ribbon embroidery and love to learn about it. I am delighted with these patterns and they are very easy to transfer to the fabric

I haven’t done any of this yet but I did do some years ago it’s just like hand embroidery only with ribbon it is pretty neat

MY new book arrived the exact day it said it would it felt like Christmas all of the books I have ordered arriving near the same days . this book if full of wonderful transfers and the design are so beautiful . I found this book on

Nice designs Looking forward to creating a nice project..

Fun reading but have not tried any of the transfers yet.

This is a book of large transfers which can be ironed on to material. Right now I am working on designs of much smaller images.
