Customer Reviews

Our family is either constantly on the go or entirely too lazy to cook, so quick and easy is a must for us. The fewer the ingredients, the faster the cooking process or the ease of cooking always puts a new recipe at the top of the list.We do not eat certain foods simply because we are picky eaters, not on "diets", so I'm always in the market for cookbooks to steal ideas from to liven up our family dinners and find new ways to cook pretty much the same things. I was able to get quite a few couple from this book, so I'm not going to knock it too much. Some of these are okay, and some were really good!I am probably not going to run around recommending it to my friends, but I certainly do not regret purchasing it. This is one of those where I am just going to say "try it for yourself at your own risk" because I am simply indifferent on it.

I have n ok t had the chance to try these recipes yet, but I really cannot wait to try all of them.They all sou d so delicious
