Synopsis

"What is the meaning of being?" This is the central question of Martin Heidegger’s profoundly important work, in which the great philosopher seeks to explain the basic problems of existence. A central influence on later philosophy, literature, art, and criticismÃ¢â ¬â •as well as existentialism and much of postmodern thoughtÃ¢â ¬â •Being and Time forever changed the intellectual map of the modern world. As Richard Rorty wrote in the New York Times Book Review, "You cannot read most of the important thinkers of recent times without taking Heidegger’s thought into account." This first paperback edition of John Macquarrie and Edward Robinson’s definitive translation also features a new foreword by Heidegger scholar Taylor Carman.

Ã¢â ¬Å“Powerful and original . . . Being and Time changed the course of philosophy.Ã¢â ¬Â• (Richard Rorty, New York Times Book Review)

One of the most important philosophical works of our time--a work that has had tremendous influence on philosophy, literature, and psychology, and has literally changed the intellectual map of the modern world. --This text refers to an out of print or unavailable edition of this title.

What I wanted when I wanted it. Very Happy!

as described, good translation.

Great! Thank you!

Very happy!

Just now starting the read. So far very good and very deep.

Though the book is used with stains, spots, pencil underlinings, and one spine issue; yet overall remarks is very good; pencil underlinings were removed by patient erasures, and spine breakage was bonded. Overall book structure and integrity will live up to be a good personal collection. Pages are clear and readable. I am not so much concern with the aesthetic structure as long as the overall integrity and binding of the book is durable. Dustjacket is only seemingly laminated. This translation is so priceless, though I got it with the cheapest price. I have also other translation by SUNY in softbound; and both are very useful if someone like me would have the passion to understand Heidegger better.To Mr. Michael Cloran, CEO of Giggi, thank you.

Go to college. Become philosophy major. Read Heidegger
