Customer Reviews

I loved the Cinderella feel of this book. You can’t help but cheer for Rick and Hannah. It encourages you to not judge people, especially from gossip.

I have truly enjoyed this authors series of books and hope their is another one forthcoming. Very enjoyable read! I recommend all 5 in this series!

This as a really fun story and I loved all of the great characters. The little girl was so cute! This was a sweet, clean romance.

The book was a fun read. I enjoyed the characters and the concept from this and the entire series. The series is light-headed, sweet, fun, and clean.

Just finished reading Acting Married. Like all the others in Victorine's "Married" series I couldn't put it down!! Sorry family--dinner is late again! :)

-'ÃƒÂ¢Ã â ¬Ã Å“After graduating from medical school, I decided I didnÃƒÂ¢Ã â ¬Ã â„¢t want to be a brain surgeon. I realized cleaning toilets was my passion.ÃƒÂ¢Ã â ¬Ã Â•'-As always, Victorine doesn't just write stories: she makes magic happen. Although her "Married" collection of novellas appears as a series, each book is completely different, independent from every other one, with different characters. This, to me, is definitely an asset. As an avid reader, I sometimes find myself struggling to remember characters from one book to the next and I often find myself losing interest after a while. The beauty of this style of writing is that you can read the books in any order and at any time.Victorine Lieske has a beautiful writing style: fast-paced, engaging, romantic, clean, humourous, ageless. Once I start reading, I can hardly put it down. If you've never read a book by this author, you can't go wrong with any of her books. If you're already a fan, you won't be disappointed in this one. Always worthwhile and reasonably priced. I am sure I will be reading this book over and over again. I highly recommend it. Well done!

I received a free ARC in return for an impartial review.Tara married Bobby when they were 18. She supported him through school. Then he got a big role in a James Bond movie, and started living the 'big movie star' life with a supermodel and divorced Tara. After five years of marriage, she was alone with a 4-year-old daughter and the attorney bills from Bobby's divorce. Not being one to bemoan her fate, she picked herself up and got a job as a housemaid for another 'bad boy' movie star, Rick Shade.Asked to bring him coffee, she overhears him discussing with his manager how to get out of his current scrape. His manager suggests he marry air-head Vickie Castle. Rick says, no,

he’d rather marry her, the maid. He pushes the idea of a 1-year marriage of convenience, offering her enough money to pay off her debts and have some left over.Victorine has done it again with another installment of her ’married’ series. Don’t miss it.

Desperate times call for desperate measures.Tara McDermott thought taking a job as a maid was desperate. After her failed marriage to one aspiring actor the last thing she wanted was to be in the employ of another actor. Even if he was a big-time star.Rick Shade has a reputation he needs to clean up for the press. And when his new maid spills coffee on him, he takes his agents crazy idea and runs with it. And Tara would give anything to just be the maid again.Problem is, they may be pretending but the feelings are real. Problem is, neither of them realizes the other one feels the same way.Ms. Lieske has once again taken an absurd notion and turned it into a delightful romance. Her characters have depth and conflict even as they try to run from their own feelings. They pull into their false romance, just to the brink of dropping all pretense, then like the tide, they rush away again. His story stirs conflict as it abrades against hers. Will they erode away all pretense? Or will they erode away any chance of love?I received a free copy of this book, but was under no obligation to read the book or to post a review. I offer my review of my own free will. The opinions expressed in my review are my honest thoughts and reaction to this book.
