Customer Reviews

I found no information in this book that I haven't already checked out elsewhere.

Gives you a good place to start. May feel overwhelming to non techies - but only I their own minds because the way it is all presented it puts most people in the drivers seat if they wish to be.

If youÃƒÂ¢Ã â ¬Ã â„¢re interested in gaining some passive income, this is quite a useful book to start with. ItÃƒÂ¢Ã â ¬Ã â„¢s got five chapters of good information, including how to make money through ebook publishing, selling through (FBA), selling on eBay and blogging for income. It also gives a good introduction to what the term ÃƒÂ¢Ã â ¬Ã Ëœpassive incomeÃƒÂ¢Ã â ¬Ã â„¢ means. The book is quite encouraging, telling readers to focus on the 4 things you need, i.e. goals, time, effort and start-up fees. I found the ebook publishing chapter the most interesting, since it is an information product. The book gives you a strategy and tips to achieve each of the methods mentioned above. Interesting.

The idea of passive income looks tempting to me. This particular book is short and focused on a few effective ways to the passive income. The ebook publishing business and products selling on and/or Ebay are powerful tools, obviously. As well as blogging monetization.

It's more of a book about passive income through writing books and that industry...

I write a blog and have been considering ways to make passive income. While this book was a good primer, it really didn't tell me much more than I could have learned on my own. The author should take their own advice and make sure the ebooks have more information than expected, while holding back enough for additional ebooks. This was a 15 minute read so worth the effort.

Pretty basic and straightforward, which was a a plus in many ways. But it could use a little more

information, especially ially about bloggibg

Impressive! Passive income is nothing but an easy way to earn extra money to attain financial independence. This is a very helpful system for everyone. I really learned a lot by reading this book. This book is really very helpful for you if you would like to live a free life.
