Exactly what I expected and much less expensive than what the school charges

Price was good - but it was missing a few of the pages. Not enough to cause any panic :-) But should have all the pages LOL I gave it 5 stars because it was still worth the price.

My daughter is using this book in her high school history class. This thing is HUGE and she was lugging it back and forth from school every day. Now we've got a copy at home and she has one less heavy book to carry. We'll hand it down to her friend who will take the class next year, and then to my niece the year after, so it will be well worth the cost.

The book meet all my expectations. Great condition. Would buy again. Great experience.

OK Good Conditions

Great price and fast shipment
