Synopsis

For millennia, the spiritual science known as Kabbalah has not only been skewed towards men and their issues, but women have literally been forbidden to study it Ã¢â ¬â • and in many cases, still are. Now, Karen Berg, co-director of The Kabbalah Centre, the largest international organization devoted to teaching and promoting Kabbalah wisdom, breaks this barrier. God Wears Lipstick contains the tools for women to dramatically increase their sense of fulfillment, passion, communication, and understanding of life. The author covers such subjects as what it means to be a woman, the meaning of life and love, transforming potential, attracting the perfect mate, and how to create a better sex life. The book is structured around Kabbalistic "tools" Ã¢â ¬â • the Sharing Tool, the Conflict Tool, the Effort Tool Ã¢â ¬â • which makes its ancient lessons intelligible and inspiring to modern readers.

NULL --This text refers to an out of print or unavailable edition of this title.

The book is primarily geared towards females who are in a relationship and/or tend to stay in them. Little perspective as to not all dream the same dreams nor have the same general goals in life. The stigma of females needing to marry appears to also carry into this as well. There are tidbits of information that could be helpful and good to know. These are things that I have also come across in the Shambhala books on Cutting through Spiritual Materialist. There is also a lot of psychology and psychoanalysis that gets ignored throughout.Definitely not bad for a quick read, but not one that

I could truly take to heart, nor would I readily recommend or purchase a physical copy of the book.

Easy to read. Engaging language. Not the same old same old spiritual stuff. It makes the Kabbalah very relatable to modern women.

My second book written by the Berg family. Well written easily understood and an easy read. Makes a complex concept simplistic.

LOVE IT

This book had great insights to it, but I'm going to stick to my Bible.
