Amazing book. Filled with so many amazing pictures, facts and stories on so many great and talented designers and artists, every person who is in love with fashion or history of fashion can’t help but love. My book came on time but there was slight worn like look.. maybe because of shipping? Over all brilliant purchase.

Cover showed a lot more use than expected. Had lots of sticky residue left over from where labels had been put on it- front and back covers. Still had various price tags and random stickers left on the covers as well both front and back- pain to peel them off.

Being a fan of this dynamic duo, I decided to take a peek into their publication. Even as one who

already likes them, I was surprised at how much I learned through the interviews. They are obviously very respected in the design/art world and it was great having an inside view to that world. Good coffee table read.

everything as described.Thank you very much

The book was sent quickly, and was in perfect condition. It is very interesting, fill of information about the twins I had not know. It also had told a lot about there personalities and influenced them to achieve everything they have come to achieve. And has talked about their relationship with each other. A very good read, and an excellent purchase.

Water damage in most of the pages. love the book, hate the quality it arrived in.

Having been a big fan of both Mary-Kate and Ashley Olsen for years, I thoroughly enjoyed this book. It highlighted their fashion inspirations and favorite designers. Book came quickly and was in good shape for used.

I loved the books and they were almost totally brand new but both books look like they had been dropped on all 4 corners... a little disappointing but the book itself is in great shape.
