World history textbook

Schools are so ridiculous. If you lose a book you can’t graduate without replacing it. I didn’t use it, but it worked for the purposes intended.

Book was inexpensive and in fairly good shape! Thank you!

The book was written with unwanted wordings and making funny of persons on the front cover of the book by drawings. Useless book.

Very happy to have found this much needed textbook for my highschooler, having any extra copy at home has helped a lot. I paid an extremely low price and received it in just one day! Truly, is the place to find the best price on eveything you need!!!

Excellent buy. Met all my expectations.

Thanks. The book was worth buying and very acceptable. I was worried using this system at first but it was a great experience.

Book required by son’s class.

The Modern World History, Patterns of Interaction met my expectations and more. I am completely pleased with the entire transaction, the book itself was in better condition than I had expected and it arrived quite promptly. It is a relief to simply not have to deal with a bad experience. This was a completely positive one. Thank you!
