Customer Reviews

Cuban Spanish 101 is a must for anyone looking to fit in in Cuba. . . lest you be confused for a ÃƒÂ¢Ã â ¬Ã Ëœpalestino!ÃƒÂ¢Ã â ¬Ã â„¢ As a Costa Rican Spanish speaker, some of the slang words were similar, but many surprised me. IÃƒÂ¢Ã â ¬Ã â„¢m going to Cuba for a cultural experience in 2017, and IÃƒÂ¢Ã â ¬Ã â„¢m very glad I came across this guide. Every Latin American country is a little different, and Cuba especially has been restricted from USA tourists for quite some time.Each slang term comes with a list of synonyms in proper Spanish so you can get a better feel for the tone and meaning of the word. The formatting, examples in English and Spanish, and highlighted ÃƒÂ¢Ã â ¬Ã ËœvulgarÃƒÂ¢Ã â ¬Ã â„¢ terms make this guide extremely easy to read and navigate. You can very quickly spot the words that maybe you donÃƒÂ¢Ã â ¬Ã â„¢t want

to use in polite conversation (como ÃƒÂ¢Ã â ¬Ã Ëœchocha!ÃƒÂ¢Ã â ¬Ã â„¢)Since every Latin American country has its own accent, I would also recommend popping over to cubanspanish101.com to get a feel for how Cuban Spanish sounds. CubanSpanish101 is an audio course featuring dialogues between native Cuban Spanish speakers. If you were raised in the USA and taught in schools there, you might have some trouble understanding the accent, and this is a good way to become at least accustomed before you go! In my opinion, the book is not complete without checking out the course. The link is here: [...]

Oye, espera que te cuente esta bola!Cuban Spanish 101 is a fantastic tool for anyone looking to travel to Cuba or anyone with friends and family in Cuba. This book is absolutely full of useful phrases and saying that can help you connect with the local population. I was extremely nervous about not being able to communicate with the Cuban people during my trip, but with this book, I'm confident I will know enough to survive! It has been quite a few years since I studied Spanish in school, and this was a great refresher of my schooling many years ago. I would like to thank the author, Tamara Marie for writing such a wonderful book. I am currently jotting down all of the phrases I think I may need on my trip, and I highly recommend this guide to anyone considering taking a vacation to Cuba.

This book is an excellent resource for general conversation as well as 'adult' conversations. I am in the learning process and did not realize the subtle differences in speech between countries. I am planning an educational trip to Cuba and this book will support my ability to 'hear' Cuban Spanish as well attempt to make myself understood.

good reference book

Very useful book for anyone who is looking to travel to Cuba and wants to learn and understand how Cubans speak.

I don't know who these people are who wrote these other reviews but this book it horrible! Nothing useful. I sent it back. I don't need to be able to tell someone they are a snitch and how to find a prostitute! Horrible book!

Mainly a bunch of curse words. Wasn't helpful in communicating with average people. No commonly

used phrases that we could use.

I have a Cuban-American co-worker that I joke around with all of the time, and I'm not familiar with Spanish ÃƒÂ¢Ã â ¬Ã â œ or Cuban Spanish for that matter ÃƒÂ¢Ã â ¬Ã â œ even though I live in Colorado where we have a high Mexican population. I've always been aware that the dialects and colloquialisms are different between Mexican Spanish, Puerto Rican Spanish, and Cuban Spanish, so I wanted to learn random Cuban sayings that I could say to my co-worker during the day. I found this eBook while browsing through Kindle Unlimited books and thought I'd give it a shot. At first I thought it was going to be some dry instructional eBook, but I was quite amused to see that it's full of random slang and vulgar phrases.When the weather is bad outside or if there is some sort of semi-ominous event, I say to him, ÃƒÂ¢Ã â ¬Ã Å“Traje cerveza, porsia.ÃƒÂ¢Ã â ¬Ã Â• The first time I did that, he just about died laughing. He was quite surprised that I had taken the initiative to learn some Cuban phrases. Anyhow, I have the Kindle app on my phone, so I can keep this little book handy and look up different phrases throughout the day.
