Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for locations worldwide.

I guess I did not look at the size when I bought this. It is the size of a postcard. I was expecting something much bigger.

Lots of info on this card

My son held it close during our trip. This way he was involved in our plans, knew where we were going and learned the topography. It's still on display in our living room as a memento. Probably not how others use it, but it worked for us!

It's not like most other dive maps, which are made of solid plastic. This is more of just a laminated piece of paper. Even so, it seems to be the only one available (online, anyway), and serves its

purpose.

Nice. Small but informative.

Nice and these will be great for an upcoming trip...just wish they were not so pricey

Nice sturdy reference for fish in the keys!

Comprehensive, great pictures.
