Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I am very happy with my new piano music book. The music is not too difficult to play, yet it is challenging. (I guess I’m the equivalent of a third year student, but I’m pretty much self-taught.)This music is unlike most piano music out there and is very interesting and unusual. And the book came quite soon after it was ordered. (Henry’s wife, btw.)I am hoping that there will be more music books like this available soon.

I love New Age music and this book has several of my favorites. Good at intermediate level.
