There is not a lot of good travel information about Oman, and this is a good, basic book. Could use

more detail and updating.

Spot on! Much information that no other publication has. LP is poor in comparison

Excellent. I have just come back and found it really very informative.Could not have survived without it.It was spot on

It is a little difficult to find good, accurate info about Oman, but this helped us a LOT so we are happy to recommend it for your consideration...

Great book, very detailed and informative. A must for serious traveling in Oman.

Great guide book of Oman. Lots of good information on places to check out and great at providing the history on the areas.

Good stuff, but a little thin on beta. Definitely the 30,000' view. Best get a real travel book if you plan on actually getting off the plane.
