Interstitial read

Not any variety. Just different characters that interchange with each story. Same story line basically for each new book. Got bored fast. Am I missing something, why the hell can step siblings not fall in love. They DON'T have the same parent. Someone's mother married the others father, nobody is related by blood. Half bother or sister I get, but step there is nothing taboo about it.

This is a lot of short stories. Everything you could want. That being said, it also has some stories that are excellent. Look at the index and pick your read. If you want it hot and full of males, it’s in there. First loves, second chances

and always great sex scenes. threesomes, in lust and in love. Believable (well, possible) characters... Sex happens! The more sex they had, the more sex they wanted!

Each "book" is basically 4-5 chapters which create 5 "books" to a story. Not what I anticipated when I read "80".Basically written well, some grammatical & typographical errors, but easily able to determine the meaning/gist.
