Customer Reviews

Amanda Clover's recently released Escape the Island of Eldritch Lust is an incredible work of CYOA fiction. The sex scenes are scorching hot, and it doesn't let down from the literary angle, it actually has pretty compelling plot and characterization. Of course, it's one of her Princess to Pleasure Slave series, so it's pretty much targeted towards those that like erotic horror/monster fiction, but those with even a passing interest in the genre should really check it out. It's extremely well written (like most of Amanda Clover's fiction), with branching plot-lines and an enormous number of endings. An absolute must read for most of Amanda's fans, that's for sure!
