Really good plastic coating, not too thick, not too thin. Good size.

I love these things. Though I am mostly digital these days, I like having a back up so I don't burn out my unreliable iphone battery while on the go. Tip: You can also use these as wall decorations once you're done wqith them.

Best map I have seen of Amsterdam. It shows the alleys and small streets and is easy to use and durable. You will look like a tourist so watch your pockets. Don't be surprised if native people offer to help you. Learn the basic words of politeness and they will likely speak to you in English and sound like North Americans. I recommend this as the only map to take to Amsterdam, and the Rick Steves Book on Amsterdam, and would buy again if I lost it. I hope this helps someone.

I've always bought Borch Travel Maps, but wanted to give a new brand a shot. Boy was I wrong! Way too big when unfolded, print was small for my eyes, points of interest were not highlighted. If you need a detailed street map this is your map. That wasn't what I was looking for. Thanks again for accepting my return.
