Customer Reviews

A very fast read. Interesting but I think I would have enjoyed it more if I had visited Disney in Florida because I couldn’t identify with some of the attractions that were discussed. Well priced, but if you are not familiar with Disney in Florida might not relate to all stories. I would recommend if you have

been to both parks. Also, this book was well researched which is always nice. Pat O.

Having all these secrets about Disneyland in one book is great! My daughters and I have been to Disneyland several times, and each time I read something out of Disneyland Secrets, it brings me right back to all the fun we have had over the years.

Great book but I think I have read too much Disneyland over the years! I have yet to learn something new from it. But the book is very well done. Easy to ready, pleasing to look at graphically.Wonderful and recommended.

Love this book. So much fun to read and get some of the behind the scenes stories. I also like how it is just short little 1 paragraph stories so you get the information quick and easy. It is also great how the book is divided up in the the different lands so you can easily find something out just by going to that section.

95% of what is this book, which is very thin, I've read elsewhere. Nothing new here. Google Disneyland and you'll find the same information.

There were some interesting things that I had never heard of before. A good quick read. Fun things for some older kids to watch for on a Disney trip.

Well, let me start by saying that this is a 'compilation' book -- it compiles several lists of 'secrets' about the various Disney Parks, and does it in a straightforward and entertaining manner. To my mind, some of the 'secrets' really weren't much of a secret, but I did learn a lot of new facts.My only real complaint is that the book just wasn't long enough -- I'm sure there are a LOT more secrets out there...

What a fun book...we will be looking for all the hidden items!
