I always look forward to a new Jim Korkis book about the numerous rarely shared and previously hidden corners of Disneyland and the other Disney theme parks. After reading numerous book by Jim and by others about Disneyland, I had my doubts that Jim could surprise me with anything new.

Once again, Jim proved me wrong! I loved the contents of this book which shared info on Disneyland I never knew - even though I've always considered myself an "amateur expert" on Disneyland. Although the "LOOK INSIDE" option posted on is helpful, it does not contain a complete listing of the contents of the book. One page of the contents is missing - that page lists 26 stories of Disneyland from Critter Country, Fantasyland, Mickey's Toontown, and Tomorrowland. In fact, two of my fave stories in the book are under Fantasyland - Disneyland Time Castle and Items In Time Castle. My favorite section of the book is the last section BEYOND THE BERM. I especially enjoyed the 8 stories of this section because the parts of Disneyland just outside the main inner park is rarely mentioned in any book about Disneyland. Thanks for yet another OUTSTANDING book Jim! As with all your books I have read, it is full of interesting information and entertaining anecdotes. I much look forward to your next book!!

I recently listened to an interview Jim did on The DIS Unplugged podcast about this book. I loved the book and how easy it was to read. His insights and use of past interviews was very interesting and knowledgeable. Even an avid Disney fan will find things they didn't know or corrections of stories they thought they knew.

Love all of Jim's books. In this book you will you learn many new things about Disneyland. A fun read for all Disneyland fans.

Excellent book about Disneyland. Jim Korkis is very knowledgable about both Disneyland and Disney World. A great addition to any Disneyland fan's library. Highly recommended.

Jim Korkis is the man. I listened to him on a bunch of podcasts before deciding to order this book as my first of his large catalog. It's got some awesome stories that are really short and easily digestible. I love the format, his stories broken up by lands, then just gives you one short, yet super interesting story per page. Easy to pick up, read a couple, then set down to come back later. Or just to devour all in one sitting.

Jim has been one of my main go-to historians whenever I needed a Disney fact. This novel was quite enjoyable and filled with many 'I didn't know that' moments. Whether you are a casual Disney fan or a regular Park-goer, this book has something for you. Nice work, Jim! I hope you keep these gems coming!

...always a great read from Jim Korkis. He has such a deep knowledge of all things Disney.

Great read for anyone who loves all things Disney
