For sheer global reach and dogged research, attention must be paid to Lonely PlanetÃ¢â ¬Â¦ --Los Angeles Times, February 2, 2003 --This text refers to an out of print or unavailable edition of this title.

Who We Are At Lonely Planet, we see our job as inspiring and enabling travelers to connect with the world for their own benefit and for the benefit of the world at large. What We Do * We offer travelers the world's richest travel advice, informed by the collective wisdom of over 350 Lonely Planet authors living in 37 countries and fluent in 70 languages. * We are relentless in finding the

special, the unique and the different for travellers wherever they are. * When we update our guidebooks, we check every listing, in person, every time. * We always offer the trusted filter for those who are curious, open minded and independent. * We challenge our growing community of travelers; leading debate and discussion about travel and the world. * We tell it like it is without fear or favor in service of the travelers; not clouded by any other motive. What We Believe We believe that travel leads to a deeper cultural understanding and compassion and therefore a better world. --This text refers to an out of print or unavailable edition of this title.

I NEEDED THIS INFORMATION FOR AN UPCOMING TRIP AND I DID NOT WANT TO PAY FULL PRICE. IT ARRIVEDONLY ONE DAY LATE.

Happy

Lonely Planet guides are very good but this one is a bit disjointed. Information on visas is located in a few different areas for the same country & is not very clear. Otherwise it is a very good guide.

This guide (like all their others) delivers what it promises. It is an excellent guide and an invaluable tool in planning and executing a successful trip. Highly recommended!

My prefered travel guide is lonely planet. Everything (hotels, restaurants, travel agencies, touristic sites, etc) are reliable. I always travel with it!

Ordered this wonderful book on 27 December - sadly left for Vietnam on 26 January without it! It is taking its own vacation somewhere between America and Australia....

This is really an essential item if planning a trip to SE Asia. My order arrived within 10 days - good service

I spent six weeks in May and June 2008 backpacking around Southeast Asia, and this was my primary guidebook. Overall, I found it to be helpful for the macro-level stuff: planning my itinerary, getting a general overview of each country’s history, and budgeting.I give it three stars, however, because although it’s unreasonable to expect it to be as in-depth as the individual guidebooks for Vietnam, Cambodia, and Laos, I often found that the authors omitted useful listings for lodging,

places to eat, and sites that were included in other books.If you plan on taking only one guidebook for VN, KH, and LA, this is a good choice. (Another option is Moon, but at the time of my trip it was even more out-of-date than the LP guide.) Just keep in mind that you'll want to refer to other guidebooks, which I found to be readily available from hostels, cafes, and other travelers in this well-traveled region.
