Synopsis

"Hidden Kauai" offers opinionated reviews for over 85 restaurants and more than 85 hotels and condos. With information on all types of outdoor adventures from hiking inland trails to camping right on the beach this is also the ultimate guide for nature lovers. Newly added Hidden Highlight maps point the way to ancient temples in Wailua, Hawaiian eateries in Lihue, and beachfront cottages in Poipu. "

Customer Reviews

The Hidden guidebook series hot-peppers its pages with little arrows that point to a multitude of off-the-tourist-track sites --This text refers to an out of print or unavailable edition of this title.

Ray Riegert lives in Berkeley, California.

Hidden Kauai: Including Hanalei, Princeville, and Poipu (Hidden Travel)As an annual visitor to the Garden Island, I own many Kauai travel and hiking guides. This is one book I'll bring on my next visit. Ownership villas and timeshares abound from Poipu to Princeville, and Hidden Kauai gives details of this region that other guides rush past. The hiking trail section include names of flora and fauna most likely to be encountered (great for birders!). The restaurant, foodstand, and day-long excursion recommendations are most current, as are the shopping tips. It points out gay-friendly places - which usually are the most people-friendly, laid back and fun areas to visit. Hidden Kauai provides historical details specific to this island, which are missed in books that cover the entire

state. Succinct and breezy writing make it light enough to pack with your sandals and sunscreen when visiting this postage-stamp paradise!

We are very excited about finding the "hidden" spots of Kauai now that we reside on this beautiful island, part-time. After reviewing many Travel/Guide books, this is our Favorite! We also leave it out for our rental Guests to enjoy and refer to. They have commented on how beneficial "Hidden Kauai" has been for them when exploring the island.

This book revealed hidden spots that listed great places that hardly anyone was at. The locations were easy to find. A real gem.

Book arrived on time and in good condition. My trip is in August 08, so after the trip I will tell you how good it was if it helps me during the trip.

I loved Reigart's Hidden Hawaii book from the mid-90's and was excited to get this updated (12-08) island specific book before our 03-09 trip. It's still good, well written, and provides a compact overview of the island, history and key spots to see, stay and eat. Reigart has delegated the updates to another writer who lives on Kauai. It now reads like a book written 15 years ago with updates forced in and some key items omitted. Example: called out as "special hidden" was Spouting Horn. A nice spot however three different tour busses came in the hour we were there (hardly hidden). This book still has value, however we found the Ultimate Revealed series more useful. This is a good second (supplemental) book if you're buying two when planning your trip. Recommended with reservations.

I just wish there could have been more beaches and detail. I found more places I wanted to swim just by looking at the big map I had along. Compared to all the other books for this island this one, for the money, is the thinnest with the least information.Princeville didn't strike me as being very Hawaiian. It was a manicured housing development.
