Customer Reviews

This shows how one person can endure so much but still keep bouncing back. And that true love still can exist

It was an amazing storyline that drew me in from the beginning. You really cheered for the outcome, I look forward for more books from this author. I was surprised on the small price considering the enjoyment I received from this story.

This book left me exhausted, but for a good reason. I sat up until after midnight 2 nights in a row to finish it. It was my first book by the author and I plan on getting more.

This was my first Kylie Walker book, but it will definitely not be my last!!! Once I started reading it I had a hard time putting it down!!!

I loved it could not put it down so many twist n turns and her strength in this book is amazing to come from a victim to her own hero a must read for sure

I enjoyed this book a great deal. It was an excellent story of a young woman enduring a horrific abusive life until she was able to gain the strength to no longer be a victim. This author has a knack for dialogue that made it easy to read. Unfortunately she does not have a gift for grammar, including past, present and future tenses that made it difficult to read. On the positive side good dialogue is a gift that won't go away and grammar is able to be learned.

Great writing and great story. You'll go through a gambit of emotions reading this well told story. Looking forward to reading more by Ms Walker.

I loved that there were so many different parts that made up this story. Some parts of the story seemed to drag just a little but it really is an incredible HEA story. Good read!
