Synopsis

(Schott). This Method for Alto Recorder, which is a continuation of the three volumes for soprano recorder, will continue to place great importance on developing musicianship, breathing technique, sound production, rhythmic security and the introduction of music theory. At the heart of this method lies a seamless crossover from soprano to alto recorder whilst maintaining and developing the student's soprano recorder playing. The first volumes of Fun and Games with the Recorder for soprano recorder are intended for use with children from about six years of age. This method for alto recorder is therefore aimed at children of around 10-12 years. As in the previous books in this series we address the child directly and provide carefully planned and precisely formulated exercises. This method is suitable for use both in group and individual lessons. The accompanying Tune Books offer a broad range of solo and ensemble music which is graded to match the technical and musical progression of the Tutor Books. From Soprano to Alto Recorder * Songs using 5 notes (c-g) * Finger gymnastics * High C * Breathing exercise * Listening game * Party time * High and low A * Breathing exercise * Revision of high notes on the soprano recorder * Syncopation * Intonation exercises * Low C sharp * The First Ornaments * Short Trills (Mordents) * Listen * Play * Improvise * Low and high B flat * Breathing exercises * High D * Listen * Play * Improvise * The Magic Note * Index of Tunes, Songs and Games * Trill fingerings * Fingering chart

The book description isnÃƒÂ¢Ã â ¬Ã â„¢t kidding when it states that it is a continuation of work

with the soprano recorder. It transitions nicely to playing the alto, but assumes some recorder facility and knowledge learned from playing the soprano. If you are a true beginner and interested in starting with the alto recorder, get a *beginning* method book for the alto.
